

MA Help set up standalone

Set up stand alone when enrolment is not available on Menu

*

Enter admin with pin 12345 default

Go to System

Go to assyte

Enter Pin 12345

Then Config /cfg

Then Maccess

Then Admin

Then Hostcom

Set to " 0" for standalone operation

If the client is using MEMS the set it should be configured to 3 where local enrolment is disabled.

AS Above

Cfg/Maccess/Relay

Edit

Settings	0	Not Active
	2	Active

Timer will appear "time in 100 ms" set as required for lock.
